VOLUME CVIII.--NO. 265 ALEXANDRIA, VA. THURSDAY EVENING, NOVEMBER 7, 1907. PRICE 2 CENTS.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the [illegible] that can be taken.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

SOUTHERN INDUSTRIES.

That the territory adjacent to the Southern Railway and Mobile and Ohio Railroad is not only maintaining its splendid industrial growth but is making new records along manufacturing lines is again vividly shown through the figures compiled by the Land and Industrial Department of these lines and which appear in its recent annual report covering the fiscal year ending June 30th. The statistics tell a most interesting story and are remarkable tributes to the enterprising forces working continually for the development of important resources and the growth and progress of a section having many and diversified interests.

The report shows that 989 new industries with a capital of $54,726,000 were completed and put into operation in the territory tributary to the Southern Railway and Mobile and Ohio Railroad during the twelve months ending June 30th, a gain of many millions of capital over the previous year.

In addition 220 industries made important additions to their plants materially increasing their facilities, at an investment of $11,331,300, and 90 industries, with a capital of $7,129,500, were reported as under construction. These figures show the investment during the year of the great sum of $73,286,800 in industries. In addition to this there was expended for general investments in cities and towns, such as buildings, street improvements, street railways, water and light plants $58,430,885 This shows a grand total of $135,268,785 invested in industries and improvements along the line of the Southern Railway and Mobile and Ohio Railroad for the year ending June 30th last, outside of the money invested in lands and farms and farm improvements.

Of the total investments in new industries $4,084,000 went into the textile industry. The cotton and oil mills called for investments of $1,117,000, iron and iron products $4,155,000, lumber mills $5,179,300, miscellaneous woodworking plants $1,900,500, furniture factories $1,152,500, brick plants $1,375,100 and fertilizer factories $618,000.

The showing is certainly a magnificent one and indicates most clearly the steady and rapid growth of the southeastern States and the work of further development of the country immediately tributary to these lines into one of the greatest and most prosperous industrial development. New settlers from the north and from Europe have gone into the various communities along the lines in increasing numbers and large investments have been made in both improved and unimproved farm properties.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at all drug stores.

THE KENTUCKY ELECTION.

The landslide in Kentucky politics Tuesday, which swept the democratic ticket and the present officeholders completely off of the political map, also forbodes defeat for Gov. Beckham in his fight to succeed United States Senator James B. McCreary.

Returns indicated last night that the democrats will have a small majority, probably from six to eight, on joint ballot, in the next general assembly, and it is on this that Gov. Beckham relies to send him to the Senate. But before this has been accomplished the governor will have to reckon with some of the defeated candidates on the State ticket, who lay their downfall to his attitude and openly boast that he will not go to the Senate.

One reason assigned for the defeat of the democratic ticket by the rank and file of democrats who supported Willson and the republican ticket is the fact that Willson promised the people of Kentucky to have W. S. Taylor and Charles Finlay brought back from Indiana and tried for the alleged murder of William Goebel.

The people of Kentucky are anxious to have this question settled once and for all, and as it was apparent that the democrats now in power proposed to continue to ride into office on the Goebel killing, the people turned to the republican party to relieve them of the trial. Mr. Willson has promised to get the fugitives on requisition, if they refuse to come back voluntarily, and he further promises to give them a fair and speedy trial and allow the verdicts to stand if they are affirmed by the appellate court The fourth trial of Caleb Powers will begin at Georgetown next Monday and will be presided over by Judge John S. Morris, appointed by Gov. Beckham. Powers said last night that he did not look for any assistance from Gov.-elect Willson.

Returns from 110 out of 119 counties indicate that the majority of Augustus E. Willson (rep.) for governor over S. W. Hager is 14,000.

Republicans and independents yesterday decided to contest with the democrats the result of Tuesday's election for every city and county office voted for. Wholesale frauds will be charged.

Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. Sold by E. S. Leadbeater & Sons.

STRIKE AVERTED.

The expected railroad strike throughout Great Britain has been averted by an agreement drafted by David Lloyd George, president of the board of trade, and signed at a late hour yesterday evening by the chairmen of the principal railroad companies and representatives of the Amalgamated Society of Railway Servants.

The agreement provides for the consideration of further matters in dispute primarily by a sectional board of conciliation, representing the various grades of employes and the individual railroads.

In case of disagreement settlement will be reached by the board of conciliation and an equal number of men representing the full membership of the society. If the board and these representatives fail to reach a decision, the matter then must be settled by arbitration.

The directors of the railroads thus bind themselves to compulsory outside intervention in disputes with their employes. The board will in every case be composed of elected employes of the companies concerned, as well as officials of the various railroads.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—MRS ROSA POTTS, Birmingham, Ala. SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, NOV. 7, 1907.

It is a matter of great regret, says the Philadelphia Record, that the tariff war with Germany was staved off by the agreement upon a modus vivendi. It is very certain that the radical protectionists will succeed in preventing any tariff relaxation until our trade has suffered from a tariff war and the people have driven them from power. Had the tariff war been permitted to occur this year the country would arise a year from now and drive protectionism out of the White House and the House of Representatives and scare it in the Senate into submission to reason. There is little doubt that the administration effected the modus vivendi for the purpose of staving off the tariff war till the next national election had been held. As intimated in the Gazette's Washington correspondence yesterday, there is every prospect now for a tariff war with France. Of course, if the French blow shall fall only on Porto Rican coffee but few will care. The protectionists have sacrificed the prosperity of the Filipinos, and they are entirely ready to see the Porto Ricans ruined. But if France shall strike exports from the United States this country would get an object lesson in protection of which there is great need. For some inscrutable reason the farmers of the north have very generally been supporting a policy that imposes a burden upon them and is incapable of benefiting them. When Germany shall resort to retaliatory duties they will fall mainly upon the agricultural products, for it is the great landowners who are in power there. It is not so certain that France, which imports but little wheat, will aim its blow at American farmers, but it may do so, and if not, it will strike a hard blow at the rapidly developing exports of manufactured goods. If this country could get into a couple of tariff wars soon enough it would not be necessary to count the ballots a year from this time. The republican candidates would not know they had been running. The manufacturers are clamoring for reciprocity treaties and wider foreign outlets, and a few retaliatory duties by our bigger customers would split the republican party from top to bottom.

Few election results in the country will cause more general satisfaction than the success at the polls of Mayor Taylor, of San Francisco. He is a man of courage, force and independence—just the man needed in the city's present emergency. He has done excellent work in the few months since his appointment, and his election guarantees a proper government of the city during the process of its rebuilding. San Francisco is now sure of a real breathing spell. It is free from such grafters as the Ruefs and the Schmitzes for a mayor's whole term, and it is also free from the domination of a group of unprincipled financiers in politics whose activities have done much to foster corrupt government in the Golden Gate city.

The strike of telegraphers, which has continued for 89 days, is drawing to a close, the conflict having been ended by the calling off of the strike. The number of men involved in America was 15,000; number of desertions, 1,500; operators securing work in other fields, 5,000; positions to be filled, 7,000; estimated loss in wages to men, $2,250,000, and the estimated loss to companies, $5,000,000. The operators demanded an increase of 15 per cent in wages, an eight-hour working day and the companies to supply typewriters.

Timothy L. Woodruff, speaking as a citizen and not as the republican State chairman of New York, said yesterday that President Roosevelt would be unable to escape renomination, and that he would be elected by an unprecedented plurality. Does anyone really believe that Mr. Roosevelt is trying to escape?

Now that the off-year elections are over it is hoped that the people will settle down for a breathing space before the Presidential election, which causes so much uneasiness in business circles throughout the country every four years.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Nov. 7.

Here is today's size up of the republican presidential boom handicap according to a local prognosticator. Cannon—Officially launched only last week, but doing very nicely in Illinois. Also at the capital, where he is about the most popular statesman in captivity especially among the newspaper men. He will not have to tap a very large barrel for press agent work. Fairbanks—Nothing doing outside of Indiana, so far as can be discerned from this point with the aid of the most powerful telescope. Knox—Pennsylvania duly tagged and self-appointed emissaries of the former Attorney General rubbering around in other eastern States. But most everywhere they have bumped into the next on the list. Hughes—Doing very well in the east. Only trouble is the natives on the other side of the Alleghenies have developed a bad habit of taking pot shot at the strange craft appearing in their vicinity. Expert aeronauts say, however, that no great damage is done by puncturing the gas bag-just so the occupant of the basket is not put out of business. As yet the Hughes boom is too high in the air to see whether it wears the label "my policies T. R." Taft—Suffering somewhat from defective inflation, and difference of opinion among the pilots as to methods of handling. Circus style press agent work said not to be approved by owner of the craft Rumored that he will discharge the manager when he gets back from the Orient. Roosevelt—Well inflated; large concourse of enthusiastic populace waiting for the signal to let go the ropes; owner waiting along side, but still undecided whether to step into the basket; friends thinking seriously of throwing him in bodily and letting 'er go.

The following statement was given out at the White House today:

"The President regards the result of the elections as extremely gratifying. He has sent a letter of hearty congratulation to Mr. Heney on the result in San Francisco. The victory in New Jersey was precisely what happened nine years ago in the middle of President McKinley's administration. He had carried New Jersey by 88,000, and two years afterward the republican candidate for Governor had 5,500, the vote being cut down, just as happened in the case of Judge Fort. As compared with the elections next preceeding the last presidential election, we have done decidedly better than we did in 1903. Then this year, Rhode Island and Maryland went against us; but this year we have won a sweeping victory in Kentucky for the first time since McKinley's first election and the victory in Massachusetts was also remarkable. The showing in Pennsylvania and Nebraska is equally good. Moreover the showing in New York was excellent, far better then was the case prior to the last presidential election. That the result in Manhattan was due to purely local causes is shown by comparing it with the decisive triumphs in Brooklyn, Buffalo, Albany and in the State generally. The President's own home county of Nassau made a better showing than it ever has in an off year. As a whole, the showing has been an improvement over what it was four years ago and eight years ago."

Senator Heyburn, of Idaho called at the White House today and dropped a small bomb for Wall street. "I asked the President to order the Secretary of the Treasury to withhold all government money from the New York banks unless the banks so favored pay to the western banks the amount of their reserves in currency" said Senator Heyburn. "The President did not express any opinon of the efficacy of the plan" continued the Senator, "but he asked me to reduce the suggestion to writing and I have done so."

Capital made protest today in the U. S. Supreme Court against the alleged growing tendency toward paternalism on the part of State legislatures. Henry L. Stern and Sigmund Zeisler, of Chicago, attorneys for the big paint manufacturers of the country, were attacking the constitutionality of the "pure paint law" of North Dakata. The manufacturers fear that others States will follow North Dakota's lead if the law is not knocked out. The objectionable statute requires the labeling of all paints sold within the State containing anything other than certain specified ingredients.

THE NEXT LEGISLATURE.

According to later returns from out in the State, the complexion of the coming Legislature on joint ballot will be: Democrats, 120; republicans, 20—a republican gain of two.

All the senatorial contests are settled, the republicans gaining one seat. Several of the House fights are still in doubt, though it looks as if the net loss to the democrats in the lower branch will not exceed two, and possibly it will not go beyond one.

The democrats lost one Senator in the southwest, where no nomination was made. The House seat in Pulaski is still in doubt, while the dominant party appears to have gained one member from Russell. The republicans gained one in Goochland, one in Henry, and perhaps one in Washington.

The Richmond Times Dispatch says: Some of the counties have been slow in reporting, and in Washington, Russell and several others the official count may be necessary to definitely determine the results. The election commissioners will meet in all the counties and cities of the State today to canvass the returns, and to hear contests, if any shall be made.

In the last legislature the republicans had 5 in the Senate and 18 in the House.

The vote on the liquor question in the four districts of Delaware shows that there was a majority in the State as a whole for license of from 2,000 to 2,200, but the actual result is that license prevails in two districts and prohibition in the other two.

"In God We Trust" is omitted on the latest $10 gold piece just received by the Treasury Department from the Philadelphia mint, and it is more than probable that the Christian organizations of the country will set on foot an inquiry to find out the reason for the change.

The Blucher is the German torpedo school ship and usually has on board about 360 officers and men.

John W. Gates is back in the financial game and his advent into Wall street is regarded by many operators is certain to favorably affect the market. Mr. Gates, the plunger, assisting in creating a bull market is certain to make himself felt. When he went to Europe three months ago he announced he had retired for good. When he returned a day or two ago to find the market in the persent chatoic condition he could not resist the temptation to get back into the game.

The superb England's seventh Dreadnaught type of warships was launched today from the Elswick yard on the Tyne. The ship hrs many improvements over her prototype, all jealously guarded secrets of the admirality. The verdict of the coroner's jury in the case of William Candler, a visitor to Asheville, N. C., from Lockhart, S. C., whose dead body was found on the private grounds of George W. Vanderbilt, not far distant from Biltmore house, is that Candler came to his death by his neck being broken from an unknown cause. Indications point to murder, as imprints of finger marks were found on the dead man's throat. He had been robbed of all his money. The affair is shrouded in mystery, not the least of which is the fact of his being upon the Biltmore estate, the grounds of which are closely guarded. The body was found on the ground beneath a group of trees and he evidently had been dead several days when found.

Among new policies adopted at the Treasury since the financial stringency began is a rule of silence as to bank failures hereafter. Henceforth no statement in regard to national bank failures or suspensions will be given out by the department, although it was the custom, long established by the office of the Comptroller of the Currency, to give out a brief announcement accompanied by the name of the temporary receiver and a statement of the bank's condition at the time of the latest official statement to the Comptroller's office.

The telegraphers' strike as far as New York is concerned, was called off last night after a long debate at a meeting of Local No. 16, of the Commercial Telegraphers' Union, and the strikers were directed to return to work in the Western Union and Postal offices today. BISHOP FERGUSON AGAIN.

As a sequel to the Potter-Ferguson incident, in which these two white and colored Episcopal Church dignitaries broke bread together at the private table of the New Yorker during the recent convention of the Episcopal Church in Richmond, comes the confirmation of the report published in yesterday's Gazette that the African bishop was present at a reception tendered in honor of the Lord Bishop of London at the gubernatorial mansion when several women guests were startled by being presented to the negro prelate. In an interview last night Gov. Swanson said that while he was sorry that the incident had come to the attention of the public at all, it being far from his desire to do or say anything that might wound the feelings of the Bishop of Africa, he desired it to be distinctly understood that he had instructed his servants to inform Bishop Ferguson, if he should appear, that the reception was distinctly a social function and that the presence of a colored man, under the circumstances, would not be tolerated, Bishop Ferguson mananged to get through the line of servants.

A Capitol policeman says he saw Bishop Ferguson when he drove up in a carriage, and says the colored prelate was met by several white Episcopalians, who talked with him on the porch. These gentlemen, according to the impression gathered by the policeman, urged him not enter. It is presumed that the negro bishop ran the gantlet in the press of the large crowd. The invitation had been read in both houses of the general convention and the report had been published that the general public was invited to the reception. Nobody thought of Bishop Ferguson one way or the other; at least, this feature of the situation seems to have occurred to the Governor alone.

LETTER TO HELLMUTH BROS.
Alexandria, Virginia.

Dear Sirs: Two men on opposite sides of the same street sell sausages, one at 10c lb, the other at 5. Which sells the most sausages, think you?

The answer is: It depends on the street. There are plenty of streets in the world where 5c sausages go like the wind.

Devoe is an honest paint; there are eight honest paints, 200 adulterated and short-measure; Devoe is the best of the eight. Devoe has more strength than the other seven. The painter adds generally a quart of oil to Devoe; he still has a stronger paint than any other one of the seven.

The seven are sold at one price $1.75 a gallon; a common price of second-rate paint is $1.50. It takes 8 gallons Devoe to paint a small house, and 12 of average paint; 8 gallons cost less than 12; the price is more than offset by less gallons.

It costs $3 to $4 a day to get paint on; a day is a gallon; $8 to $16 more to paint the more-gallons paint: $8 to $16 less for painting the less-gallons paint.

The difference in first cost of the two jobs is $14 to $.2 and which wears best do you think? It's the less-gallons paint because of its strength.

There are plenty of people to buy those 5c sausages.

Yours truly,
66 F W Devoe & Co.

Writ of Error.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Nov. 7.—The Supreme Court today granted a writ of error to J. D Uzzle, the Accomac negro editor who was mixed up in the Onancock riot and was sentenced to serve three years in the penitentiary. Uzzle's petition is a convincing paper in which he absolutely denies having instigated or taken part in the riot.

Uprising Anticipated.

Rome, Nov. 7.—Troops are being rushed to Sicily in anticipation of violent popular uprisings in case former Minister of Public Instruction Nunzio Nasi is made to suffer for administering the government's "yellow dog" fund.

Nasi, a Sicilian himself and a popular idol throughout southern Italy, is declared by his fellow islanders to have been made a scape goat for men close to the throne. The feeling against those who are pressing the charges against him is intense and there is every prospect that the ruling powers will need all the troops they can get to keep order if he is condemed as a sacrifice to the interests he says he has served.

Even in Rome, where the Senate, sitting as a high court of justice, is trying him, there is much angry muttering and several clashes have occurred between the people and the military on guard about the palace where the hearing is in progress. Nasi has placed the ministry of which he was a member in a very embarrassing position by his defense by charging that the money was used for political purposes.

Signor Lombardi, Nasi's former secretary, who is on trial with his former superior, corroborated the assertions. He say he knew the ministry understood how the money was being used and had no idea that there could be any question raised concerning the propriety of the expenditures.

The technical accusations against Nasi and Lombardi are falsifications of records and defrauding the treasury.

Baker Alleged to Have Been Poisoned

Boston, Nov. 7.—The last vestige of doubt that Walter F. Baker's death was caused by poison is removed. The poison was found in such quantities as to preclude the possibility of having been self administered. The report of Harvard chemists is being forwarded to New York detectives Edward F. Baker, brother of the dead man, says the report will justify the officers in making arrests today or tomorrow. A new chapter in the life of Walter Baker was brought to light today when his brother said he had been informed that Walter wished to marry Mrs Frank H. Hurd, of Bogota, N. J., when she was Miss Bray, of Jersey City. Walter Baker died at the Hurd home after being removed from a chop house in New York, where he had become ill. Edward Baker also said today that a month before Walter's death Walter had told him if he would send his boys to boarding school, he, Walter, would leave them the greater part of his fortune The recollection of this offer has increased Edward's suspicion regarding the will dated February 9, 1907, in which Walter left a third of his estate to the small daughter of the Hurds.

The Moroccan Question.

Paris, Nov. 7.—Constant pulling and hauling between the powers is responsible for most of the trouble in Morocco, according to the plain intimation from the story of the recent orders there, as set forth in the government yellow book, just issued. England is declared to have been anxious to have France act promptly and vigorously against the rebellious tribesmen. Germany sent an unfriendly note concerning the disembarkation of troops to protect foreigners at Casablanca, though Franco-German relations were otherwise harmonious. Spain, charge by the powers at the Algecias conference, to police Morocco jointly with France, seems to be totally indifferent to conditions. The French government says it has been compelled to insist constantly on Spain's co-operation and has even had much trouble in getting replies to its communications. The compliers of the yellow book don't think there would be much trouble in dealing with the Moroccans were there not so much friction among those engaged in the talk.

End of Telegraphers' Strike.

Chicago, Nov. 7.—While the official notice that the telegraphers' strike is ended will not be sent until some time today, all striking keymen have been notified that they may return to work for either of the telegraph companies without disobeying any of the rules of the union.

By a vote of 231 to 58 the Chicago local late yesterday decided on ending the strike.

New York, Nov. 7.—Col. Robert C. Clowery, president of the Western Union Telegraph Company, today said to the United Press: "The statement made by an officer of the Telegraphers' Union to the effect that a truce of agreement had been entered between the telegraph companies and the strikers is absolutely untrue. The returning strikers will only be re-employed on their individval application and but a small percentage of them can be given employment."

Lusitania Breaking Record.

New York, Nov. 7.—Wireless messages received here today say the Lusitania is breaking her record from Queenstown to New York, being estimated to be two hours and a half ahead of her previous time. Some excitement prevails on board, as the passengers are as nervous over the result as the crowd at the race course. Bets and pools are made on the runs of the ship by the hour, the day and the trip. The men in the engine rooms have been promised rich rewards. Mrs. Patrick Campbell, the actress, alone has promised to distribute $500 among them if the ship arrives at Sandy Hook before Thursday midnight. With continuation of the good weather there is little doubt that the big ship will set a new record, but the announcement from Washington that a northwest storm is to be expected has caused some uncertainty among officials here.

The Santa Fe Railroad was today fined at Los Angeles, Cal., $330,000 on a charge of rebating.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve It's out of sight, out of mind and out of existence. Work of Robbers.

Upper Sandusky, O., Nov. 7.—Robbers entered the union passenger station here early today, chloroformed the agent, Wm. Rucopp, opened the safe and took $90 in money and 500 Hocking Valley railroad tickets. When Rucopp recovered consciousness 3 hours later he gave the alarm and a corps of railroad detectives are now searching for the robbers. The stolen tickets were found today two blocks from the station.

Guthrie, Oklahoma, Nov. 7.—Robbers dynamited the safe of the Farmers' Bank at Marshall securing all the money and valuable papers in the vaults, according to a telephone message to Sheriff Myers today.

Sioux City, Nov. 7.—Three safe blowers this morning cracked the strong box in the bank at Canova, S. D., and secured $6,000. Posses are pursuing them.

Bank Rate Increased.

London, Nov. 7.—The Bank of England has raised the interest rate to 7 per cent. depressing all stocks, but attracting considerable French gold to London and partially making up there by for the heavy losses through shipments to America. New York bankers, it is stated, have just contracted for $7,500,000 more gold for immediate shipment from England.

Paris, Nov. 7.—The Bank of France advanced its discount rate to 4 per cent. today, an increase of 1-2 of 1 per cent. The 3 1-2 per cent. rate had been in effect since March 21, at which time it was advanced from 3 per cent.

The Kaiser to Visit England.

London, Nov. 7.—All obstacles have at last been smoothed away the Kaiser and his consort will visit England this month as previously arraigned. The Kaiser is expected to arrive November 11 and will spend a week at Windsor. After that he will go the Isle of Wight for a fortnight on the suggestion of his physicians that the climate and rest will probably do him good. Despite all denials that his majesty's health is bad reports that he is going to remain on the Wight are very significant and has caused some anxiety in Germany.

GIVEN AN OVATION.

Raymond Hitchcock, who gave himself up to the authorities in New York yesterday, re-assumed his role at the Astor Theatre last night, and was given a demonstrative welcome. The house was crowded when the star made his appearance, which was the signal for rousing applause. The actor looked haggard and ill, and his voice was uncertain as he spoke his lines. Meantime his wife, who plays opposite him, was in tears; and with difficulty followed her cue. At every opportunity the audience applauded with enthusiasm until at the end of the second act the comedian stepped to the front of the stage, and in termulous voice said:

"I want to thank you all for your applause and encouragement. I hope I shall always deserve it."

Upon Mrs. Hitchcock's second entrance the action called upon her to shake her husband's hand. As they stood there with hands clasped the cheers were deafening, and for a moment both performers seemed unable to continue. Then Miss Zabelle placed her unengaged hand on her husband's shoulder and kissed him. At this Hitchcock broke down completely, and there were a good many wet eyes in the audience.

DAUGHTERS OF THE CONFEDERACY.

With a large attendance, the opening ceremonies of the annual convention of the Virginia Division, United Daughters of the Confederacy, were held in the Auditorium of the Jamestown Exposition yesterday morning. The Confederate colors were conspicuously displayed. A feature of the exercises was the singing of war-time melodies by the combined Confederate choirs of Norfolk and Portsmouth, accompanied by Phinney's United States Band. Mrs. James Y. Leigh, president of Pickett-Buchanan Chapter, of Norfolk, presided and the exercises were opened with prayer by Rev. George E. Booker, pastor of Epworth Methodist Episcopal Church, Norfolk. The address of welcome was delivered by Hon. J. Taylor Ellyson, lieutenant governor of Virginia. The response was by Mrs. W. B. McKenney, president of the Virginia Division, United Daughters of the Confederacy.

W. S. Taylor, former governor of Kentucky, now an exile in Indianapolis today declined to state his future plans, or whether he will go back to Kentucky when Governor elect Willson takes office. His friends assert that he certainly will go back.

Later returns in New Jersey, as stated in yesterday's Gazette, reversed the earlier apparent result and gave the State to the republicans. Other results are practically as announced.

PAID FINE UNDER PROTEST.

A young man named Charles Quail was before the Police Court this morning charged with disorderly conduct in front of the Opera House. He had been arrested by Special Officer Mason at the instance of the proprietor of the place. The trouble was the outcome of an angry colloquy between Quail and the manager during which the latter called upon the special officer to make the arrest. Quail left $5 collateral for his appearance in the Police Court this morning. When the case was called the complainant made a statement to the effect that he attempted to induce Quail to go away and pushed his arm. The accused, however, insisted that he was struck by the manager, when he (Quail) invited him around the corner. He also said that he refused to leave the pavement in front of the Opera House. Justice Caton in summing up the case said it was the first time he had had an opportunity to enforce the city ordinance forbidding loitering in front of a public hall, and he imposed a fine of $5. Quail said he would pay the fine under protest. Justice Caton replied that he would pay no attention to the protest, but that the accused would not be allowed to leave the court until the assessment was paid.

A very pretty home wedding was solemnized at 5 o'clock yesterday evening at the residence of Mr. and Mrs Herbert Goodrich when Miss Emma Heisley, youngest daughter of the late Ferdinand and Phoebe Heisley, became the bride of Mr George W. Baier, of Washington. The ceremony was performed by Rev. Joseph R. Sevier, pastor of the Second Presbyterian Church. The bride was attended by Miss Lena Baier, sister of the groom, and the best man was Mr. Jerome Hurst, of Washington. The bride was becomingly gowned in white silk and carried a shower bouquet of bride roses. Miss Baier was gowned in pink silk and also carried roses. After the ceremony Mr. and Mrs. Baier left for their future home in Washington. A number of out-of-town guests were present. The couple received many beautiful presents.

SPINKS-CURTIN WEDDING.

Councilman Frank C. Spinks and Miss Katie A. Curtin, daughter of Mr. Christopher Curtin, were married last night at the parsonage of Christ Church, Rev. W. J. Morton officiating. The ceremony was followed by a reception at the home of the bride's parents, 321 north Henry street. Miss Jeanette Curtin, sister of the bride, was her only attendant. Mr Samuel P. Fisher, corporation attorney of Alexandria, was the bridegroom's best man. Mr. and Mrs. Spinks will reside at 1448 Duke street. Some of the friends of the bride and groom substituted a pair of well-worn, ill-groomed mules, decorated with flowers and wearing sleighbells, for the horses attached to their carriage which caused considerable merriment.

DESTROYED THE FURNITURE.

Among the cases before the Police Court this morning was that of Patrick Donnelly, who had been arrested by Officer Ferguson charged with destroying the property of Nellie Gray, living on north Lee street. According to the evidence, Donnelly, while under the influence of liquor, went to the house yesterday and concluded to stay all night. When the proprietress of the place went to the room this morning she found that Donnelly had used a knife on all the furniture in the room, virtually destroying some of it. Donnelly in his defense said he lost $15 while in the woman's home. Justice Caton fined the accused $20.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Irene Bushrod, colored, charged with taking $36 from Henry Dade, colored, was fined $20 or given 60 days in jail.

Patrick Donnolly, charged with destroying property belonging to Nellie Gray, was fined $20.

Charles Quail, charged with loitering in front of the Opera House, was fined $5.

Edward Bryant, colored, charged with cutting Isaiah Napper, colored, was fined $20.

Jack Lee, colored, charged with fighting, was dismissed.

MAN IN THE HOUSE.

Some excitement was created on Duke street, near Fairfax, about noon today by a young woman who ran out of her house with a baby in her arms declaring that there was a man in the house. The woman with her child entered the residence of a neighbor and in the meantime a telephone message was sent to the station house. Subsequent developments showed that a man was in the house—the husband of the young woman—who had secreted himself under a bed for the purpose of playing a practical joke on his wife.

DEATH OF MR. DUFFEY.

Duffey, and was employed as a draftsman in the office of Munn & Co., of Washington, Mr. Duffey is survived by a widow and an infant son and daughter. He was a member of Alexandria-Washington Lodge of Masons and the lodge will attend the funeral which takes place at 4 o'clock tomorrow afternoon.

WOMAN'S AUXILIARY.

The Woman's Auxiliary to R. E. Lee Camp held their regular monthly meeting Tuesday afternoon at 3 o'clock in Confederate Veterans' Building with a goodly number in attendance. The ladies of this organization are busily getting ready for the annual oyster supper which will take place early in December, and it is earnestly hoped that all members and friends of the Auxiliary will respond when called upon. The proceeds of the supper will be devoted to the marker fund.

A MEMORABLE SURPRISE.

One of the many affairs long to be remembered, marking the season's entertainments, was celebrated last night at the Rammel Cafe, when Mr. and Mrs. Benedict Weil were the recipients of a surprise tendered them by their many friends in this city and Washington. About 8 30 a party of two, who had been appointed to wait on Mr. and Mrs. Weil and invite them to join them in an evening lunch, accompanied the surprised pair to the cafe to find there assembled about fifty friends who congratulated them on having passed the twentieth anniversary of their marriage. Congratulations were extended and recitations responded to until a late hour, much enjoyed by everyone present. Many beautiful presents and flowers were received. There were present from Washington Mr. and Mrs. S. Einstein, Mrs. J. Haas, Mr. and Mrs. S. Guggenheimer, Mr. and Mrs. F. E. Einstein, Mrs. M. Pretzfelder, Mr. and Mrs. N. Wolberg; Mrs. Boyce, of Altoona, Pa., Mr. and Mrs. H. Strauss, Mr. and Mrs. E. Goldsmith, Mr. and Mrs. A. Katz. Mr. and Mrs. M. Jaffa, Mr. and Mrs. H. Bloch, Mr. and Mrs. M. Morris, Mr. and Mrs. A. Dreifus, Mr. and Mrs. G. Cox, Mrs. H. Friedlander, Mrs. J. Dreifus, Mrs. Harris, Mrs. S. Bendheim, Miss S. Ruben, Mrs. F. Bendheim, Miss M. Genzberger, Miss O. Dreifus, Mrs. H. Laupheimer, and Messrs. J. Wolf, A. Kaufmann, E. Grillbortzer, L. Dreifus and L. Wollberg.

THE WILKES STREET TUNNEL.

Mr. George A. Nowland recently called the attention of the State Corporation Commission to conditions prevailing at the western entrance of the Wilkes street tunnel. Recently the Southern Railway Company at the suggestion of Mayor Paff removed the cap stones of the tunnel at Fairfax street and placed concrete in their stead and also over thirty feet on each side of the brick wall. The object was to abolish the seating accommodations afforded at that point which induced boys and men to congregate and at times to become disorderly. This object was accomplished, and at present the place which had been an annoyance to people living in the vicinity for half a century has been as quiet as any other portion of the city. Mr. Nowland, however, who has been equally anxious to eliminate the cause of the trouble, thinks, as do others, that a more sightly arrangement could be adopted which would answer the same purpose. Hence he has suggested to the commission that the railway company be requested to place an iron fence around the wall or in place of the wall, from Fairfax to Royal street, he believing conditions at present to be dangerous. Mr. Nowland has received a letter from Mr. Joseph E. Willard, a member of the commission, stating that the matter had been taken up with the railway company, and that he would be notified of the result.

THOUGHT WOMAN WAS DEAD.

About 5:30 o'clock this morning while Mr. James Treakle was passing up St. Asaph street, between Prince and Duke, he saw a colored woman lying in a yard with her stockings and some other portions of her clothing near her. He supposed the woman was dead, and proceeded to the Columbia engine house where he informed Messrs. Henry Posey and Stephen Taylor of his discovery. The trio proceeded to the place, but were unable to get into the yard, as the gate was locked. Mr. Treakle was assisted over the fence by his companions, but when he drew near the woman she raised up. She seemed to be in a dazed condition, and was recognized as a woman who is in service in a residence in the neighborhood. The three men left her in the yard, where, it is supposed, she had slept most of the night.

CHARGED WITH THEFT.

Irene Bushrod, colored, was arrested yesterday by Officers Arrington and Sampson on the charge of taking $36 from Henry Dade, also colored. It is alleged that Dade was robbed in a saloon in the southern part of the city. The woman was brought before the Police Court this morning when Justice Caton fined her $20. Should she fail to pay the fine she will be sent to jail for 60 days.

New York Stock Market.

New York, Nov. 7.—The stock market was depressed by the action of the Bank of England in advancing its discount rate for the third time in eight days. London supplied stocks at the opening, causing sharp declines in the international issues and starting a general selling movement. Very little time money was to be had and even the small loans of 0 and 90 days money cost the borrowers 12 and 15 per cent The action of the Bank of France in advancing its rate this morning created fresh uneasiness in regard to the market outlook. Tennessee Coal and Iron issues dropped from 120 to 103. This conforms to the price at which the United States Steel Corporation has arranged to take over control of the company.

OLD DUTCH CLEANSER for sale at
J. C. MILBURN'S.

Alexandria Gazette.
THURSDAY EVENING, NOV. 7, 1907.

AERONAUT'S EXPERIENCE.

Mlle. Therese made an ascension late yesterday afternoon at the Georgia-Carolina fair grounds at Augusta. After going several hundred feet she drifted over Lake Olmstead and finally landed in the Augusta canal, about four miles above Augusta. No one was near her when she struck the water, and the balloon dragged her in the canal for several moments before she could free herself from the parachute.

Finally, after being badly bruised, she freed herself. The life preserver which she wore was all that saved her from drowning. As she drifted down the canal she was horrified to see the keeper of the lock gates open one of them which made way for the transmission of waste water at night when the factory was not utilizing the power of the canal. It meant certain death if she was caught in the whirlpool of water, and she screamed for him to stop.

The gates were immediately lowered and she drifted past safely. She then drifted on down the canal, and a half mile farther down was rescued by C. A. Nolley, superintendent of the Nixon Silk Mills. When she was carried to the shore she was utterly helpless and unable to move. She was hurried to a hospital, and the doctors say it will be days before she recovers.

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by E. S. Leadbeater & Sons.

Appendicitis

Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed for headache, biliousness, malaria and jaundice, at all drug stores. 25c.
